Cardiovascular Outcomes"

Dr. P C Manoria
Organising Chairman

Dr. Pankaj Manoria
Executive Secretary

Dr. S K Parashar
Secretary General

Dr. Piyush Manoria
Coordinator

Welcome Message

Dear Colleagues,

The amalgam of **Cardiology, Diabetology, ECG, Echo & Critical Care** constitutes the greatest need for Physicians, Diabetologists and Cardiologists. It is with this intention; the 22nd National Conference above specialties is being organized on **26th-27th October 2024** at Kushabhau Thakre Centre, (Minto Hall), Bhopal. **CDEE & CC CON-2024** promises to be a unique academic extravaganza.

Panel discussions, debates, interactive session, quiz and hot topics in various fields are scintillating attractions of the conference. The featured faculty is leaders in their own field with national and international repute and the format will allow considerable interaction with the faculty. On behalf of organizing committee, I have great pleasure in inviting you to participate in this unique conference. I am sure the deliberations of the conference will contribute towards better patient care. Bhopal, the city of historic glory awaits for your gracious presence. The scenic grandeur of nature coupled with the wonderful panorama of the city, I am sure you will cherish throughout your life.

JOIN AT BHOPAL

**26TH-27TH
OCTOBER 2024**

Dr. P C Manoria
Executive President

Dr. Pankaj Manoria
Executive Secretary

Dr. S K Parashar
Organizing Secretary

Scientific Programme

Cardiometabolic Medicine

- Drug revolution in obesity : Single, double and triple agonist
- ICODEC: the once weekly basal insulin
- Is Injectable semaglutide saviour for T2D
- Has adipocentric approach come in forefront even ahead of glucocentric and cardiometabolic approach in T2D
- SGLT2 inhibitors and GLP-1RA combination
- The role of glucagon agonism to improve obesity and metabolic care
- Advances in MAFLD/MASH/MASLD therapeutics and updates in the pipeline
- Sulfonylureas: Disliked by western guidelines, loved in clinical practice in India

Clinical Cardiology

- Thrombocardiology: Emerging concepts, emerging therapies
- Current policy of antiplatelet de-escalation in post ACS patients
- Dual pathway inhibitor: A new therapy for ASCVD
- Drug revolution in heart failure: A big step towards improving outcome
- Sacubitril valsartan: Current status in heart failure
- The new world of NOACs: Moving ahead

Electrocardiology

- Frequent VPBs : When to treat? When to defer?
- 3D's of LQTS: Drugs, Denervation or Defibrillator-The dilemma of making choices
- Quiescing VT storm: My trusted algorithm
- Ventricular Arrhythmias in Granulomatous Myocarditis

Interventional Cardiology

- Revolution in structural valve diseases.
- Calcified lesions : The approach of an interventional cardiologist
- Refractory heart failure: Ventricular assist devices, ECMO, cardiac transplantation.
- Complicated PCI cases : "When death is imminent"

Imaging

- Lung ultrasound: A new attraction for the cardiologist
- Imaging in stroke
- Multimodality imaging in myocardial diseases: The state of art approach.

Critical Care

- CPR: Death ritual or life saver
- ICU radiology for intensivist: Chest X-Ray, ultrasound, CT and MRI.
- War against Sepsis: The ongoing progress.
- Cardiac transplant in India

Pharmacotherapy

- **New pills that thrills**
 - (a) Bempedoic Acid: Improving outcome of statin intolerant patients
 - (b) Tefamidis: Improving outcome of ATTR Amyloidosis
 - (c) Vericiguat : The blockbuster for worsening heart failure
 - (d) Mevacamten & Aficamten: The new drugs for HOCM
 - (e) Finerenone: The third revolution in CKD
 - (f) Saroglitazar: The make in India molecule
 - (g) Colchicine : The utility in ASCVD
 - (h) Imeglimin: A novel therapeutic agent for type 2 diabetes

New game changing therapies

- (a) Inclisiran: Melting away bad cholesterol for a price
- (b) Pelacarsen: Emerging transformational therapy for LP(a)
- (c) Resmetirom : New drug for MASH and liver fibrosis

Hot Sizzling Debates

- Imaging guided ACS interventions: Is it proving a game changer?
- Should heart failure be guided by biomarkers?
- Should GLP-1 RA be used as first line therapy in diabetes

Panel Discussion

- Stroke: Improving outcomes
- New diabetes care: Moving ahead

Fellowship in Cardio-metabolic medicine will be awarded to suitable members of medical fraternity.

*Please fill the fellowship form enclosed in the brochure and send it to the conference secretariat
pmanoria@rediffmail.com*

Registration Details

Status	01.05.2024 to 30-06-2024	01-07.2024 to 31-08-2024	01.09.2024 to 10.10.2024	10-10-2024 ONWARDS
Delegate	5000/-	5500/-	6000/-	6500/-
Associate Delegate	5000/-	5500/-	6000/-	6500/-
Post Graduate	3000/-	3500/-	4000/-	4500/-
